Spring Welcome Back Social & The Young Millionaires | Emerging Leaders Panel

The Spring Welcome Back Social will feature three dynamic speakers along with an evening of socializing, networking, and food/refreshments. Come join us for an evening of enrichment and sophisticated fun as we celebrate the final semester of our Centennial year. The speakers will represent an “emerging leaders” panel that will inspire and motivate students with entrepreneurial vision and insights in creating success regardless of age. This is a different twist from the traditional line-up of speakers and will give voice to young successful business leaders for the next generation. The panel will also address the combination of business success with social entrepreneurship and community service. There will be free book giveaways to students from a pool of the first 100 registrants. Winners must be present to collect prize. We will also have book sales and book signings!
